MXT101 NEWSTAR VGA EXTENSION CABLE

The MXT101 is a VGA extension cable of 2 meters.

This NewStar VGA cable extends the VGA signal distance with 2 meters. The cable is made of solid connectors and made of high quality hardware.

Ideally suited for high resolution VGA applications, this high quality male to female coaxial VGA extension cable helps to eliminates picture "ghosting" and fuzzy images inherent to non-coaxial cables, and provides superior EMI interference protection by using ferrite cores near the connector ends.
